ARIZONA STATE FAIR

Many Exhibits for Domestic
Art Department--Prizes
for Red Cross Work

Preparations for handling the largest exhibit ever displayed in the domestic art department at the State fair are going forward rapidly, following the completion of the list of premiums to be offered at the annual exposition in Phoenix next November. The premium list was compiled at this time in order to give every exhibitor the full time of the summer months in which to prepare her displays, and if advance indications count for anything, the number of exhibits in this department will exceed all former years.

While the premium list for the domestic art department has been compiled, a number of special prizes may be added to those already listed, according to Mrs. Charles Smurthwaite, who is superintendent of the domestic art department. The awards as already announced will total several hundred dollars, there being prizes for every variety of exhibit. The different classes provide for exhibits prepared by children under the age of eight and women over sixty years of age.

While knitting will be a special feature of the domestic arts department, there are offered a large number of prizes for plain sewing, crocheting, lace, household fabrics, quilts, embroidery, infants' garments, and miscellaneous creations of the needle, ranging from the best doll wardrobe, made by a girl under eight, to the best pair of knitted socks. Red Cross activities will be reflected in the display, for there are a number of prizes for the best set of cap, scarf and wristlets sent in by any Red Cross branch, the best hand made United States flag, and even a prize for the best doll dressed as a Red Cross nurse. The latter competition is open, only to girls under twelve years of age.

A complete list of the premiums offered in this department, as well as rules for exhibitors, can be obtained from Mrs. Chas. Smurthwaite, superintendent of Domestic Arts Department, at Phoenix.

News Snapshots Of the Week

At a "port somewhere in France" thousands of American regulars under Major General Silbert arrived, conveyed by warships, amid acclamation of the French people, who were taken completely by surprise when the first contingent arrived, but were ready for the others who followed. General Pershing will have his men fit for the front in about six weeks. In a speech he made Colonel Roosevelt announced that his four sons are doing their "bit" for Uncle Sam. Major T. R. Junior and Captain Archie already in France. Kermitt at Plattsburg and Quentin in the flying corps. The Olympia, Dewey's flagship at Manila bay, went around off Block Island and will probably be a total loss. In the interest of the \$100,000,000 Red Cross fund Katherine Stinson, twenty years old, flew from Buffalo to Washington in thirty-one hours.

CHANCE TO ENLIST

Corporal Hacker Will be Here
Sunday for Recruits
for U. S. Army

Corporal J. C. Hacker, General Service Infantry, U. S. Army, arrived here on the "Apache" Wednesday morning from Tucson.

Corporal Hacker is the recruiting officer for the regular army, with headquarters at Tucson, and he came here to make arrangements for securing recruits. He left for Globe on Wednesday evening's train, where he will remain for several days, returning here Sunday morning to secure recruits and return with them to Tucson. While here his headquarters will be at the Town Hall, where can be seen Sunday afternoon. He will return to Tucson on the "Apache" Sunday night.

Corporal Hacker states that the branches now open for enlistment are: Infantry, medical department (hospital corps) and signal corps, cable and radio operators and men for instruction in maintaining telephone system are wanted.

Recruiting will also be done for the British and Canadian armies. Men are wanted for all trades for British army and regulars for the Canadian army. All British recruits are sent to New York City and for the Canadian army they are sent to Vancouver, British Columbia, at government expense.

All recruits for the regular army are now sent to Los Angeles, Cal., and from there they are sent to the Presidio at San Francisco for training. All those who wish to volunteer for the new army should see Corporal Hacker at the Town Hall, Sunday afternoon.

Water Company Wins First Round

In the Superior Court Saturday, an application made by I. P. Robinson to have the Gila Valley Electric, Gas and Water Company restrained from selling the crops on the company's ranch was heard. Judge Lockwood, of Tombstone, presided, in the place of Judge McAlister, disqualified. The application was argued for Mr. Robinson by W. K. Dial and for the water company by W. R. Chambers.

Judge Lockwood held that Mr. Robinson had no mortgage interest in the crops, basing his decision upon paragraphs 4097 and 4098, of the Arizona Statutes. The decision leaves the water company free to dispose of the produce from the ranch and increases its chances of pulling through with the ranch.

Cause of Despondency
Despondency is often caused by indigestion and constipation, and quickly disappears when Chamberlain's Tablets are taken. These tablets strengthen the digestion and move the bowels.

MARRIED

Miss Frances Alberta Colton, daughter of Mrs. A. T. Colton, and William David Hood, of Miami, were married Saturday afternoon, July 7, 1917, at 4:00 o'clock, at the residence of Mr. and Mrs. Karl W. Sloan, on Center street. Rev. F. L. Glisson officiated.

The ceremony took place in the parlor of the Sloan home, which was prettily decorated with honeysuckle, ferns, pink and white roses.

Those present were: Mrs. A. T. Colton, mother of the bride; her sister, Mrs. Benj. F. Thum, of Florence, and three children; J. L. Clark, an old friend of the family, and Mr. and Mrs. Karl W. Sloan.

After the ceremony, Mr. and Mrs. Hood left on the evening train for Miami, where Mr. Hood holds a responsible position with the Miami Copper Co., and where the newly-weds will make their future home.

War Books in Safford Library

The Safford Public Library, which is situated in the basement of the county court house, affords one full opportunity to get acquainted with the real conditions of the European war, which can be learned through books by popular authors.

One of the most popular books is entitled: "Mr. Britling Sees It Through." Another, "Kitchen's Mob," and one that is descriptive of the training of the first 100,000 in England, is "First Hundred Thousand," by Hay.

There is also a book on "Household Organization for War Service," which will prove very interesting to the women.

The library is open every Wednesday and Saturday afternoons, from 3:00 to 5:00 o'clock.

Graham Wins the Primary Pennant

The contest for the pennant ended in June. Graham received the award, having won it four times out of six, for the highest average attendance. Layton received it one month and the last month of the race, Thatcher came out victorious.

Graham is the largest primary organization in St. Joseph Stake and had an average of 79 per cent.

DIED

Rebecca Pearl Rose, aged 13 years, daughter of Mr. and Mrs. C. N. Rose, of Gerontio, Arizona, died July 10, 1917, at Miami, from acute heart trouble. The remains were brought to Gerontio and funeral services were held at the home. Joseph H. Lines, of Pima, and Bishop Curtis, of Redland, were the speakers.

Interment was made in the Emery cemetery.

THE FIRST ARIZONA

Is Named Among Regiments
for Duty in France--Call
to Colors, Aug. 5th

The last step necessary to make the entire national guard available for duty in France was taken by President Wilson Monday with the issue of a proclamation drafting the state troops into the army of the United States on August 5th.

To make certain that the purpose of the national defense act is carried out, the proclamation also specifically declared that the men drafted are to be discharged from the old militia status on that date. In that way the constitutional restraint upon use of militia outside the country is avoided and the way paved for sending the regiments to the European front.

Prior to the application of the drafts, regiments in northern and eastern sections of the country are called into the federal service as national guardsmen in two increments to be mobilized on July 15th and 25th. Many units already are federalized and presumably they will be mobilized with the other troops from their states. The guard from the other states will be mobilized on the day of the draft. This arrangement was necessary to provide for movements of the regiments without congestion to their concentration camps.

The operative date of the draft was delayed until August 5th, so that all regiments can be taken into the army simultaneously. Fourteen camp sites for the sixteen tactical divisions into which the guard will be organized have been already selected, and the militia bureau is preparing the railway routing of the troops to the camps. Seven of the sites selected are in the southwestern department, five in the southern and two in the western. The two others will be in the southeastern department, and until they are approved assignment of regiments to camps and divisions cannot be fully worked out. The only two divisions positively assigned are the Nineteenth, including the California guard, which will go to Lindaista, Cal., and the Twentieth, including Oregon, Washington and other states in the northwest, which will go to Palo Alto, Cal.

The state troops called into the service are as follows:

On July 15th--New York, Pennsylvania, Ohio, West Virginia, Michigan, Wisconsin, Minnesota, Iowa, North Dakota, South Dakota and Nebraska.

On July 25th--Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New Jersey, Delaware, Maryland, District of Columbia, Virginia, North Carolina, South Carolina, Tennessee, Illinois, Montana, Wyoming, Idaho, Washington and Oregon.

On August 5th--Indiana, Kentucky, Georgia, Florida, Alabama, Mississippi, Arkansas, Louisiana, Oklahoma, Texas, Missouri, Kansas, Colorado, New Mexico, Arizona, Utah and California.

RECEIVES COMMISSION

Dr. W. E. McWhirt has received word this week from the War Department that he has been commissioned a first lieutenant in the Medical Corps, U. S. Army, dating from June 20th. Lieutenant McWhirt has accepted and forwarded the papers to Washington. Lieutenant McWhirt may be assigned to duty at any time now.

NO COMPROMISE FOR OLD DOMINION

Walter Douglas, Visiting In
Globe, Says Company Will
not Treat With I. W. W.

STRIKERS HAD NO GRIEVANCES

I. W. W. Leaders Refuse to Participate in Strike Mediation Conferences

There will be no compromise between the Old Dominion Company and the strikers, Walter Douglas, president of the Phelps-Dodge Corporation and a director of the Old Dominion Company, declared Tuesday night before leaving on his special train for Douglas.

"There will be no compromise because you cannot compromise with a rattlesnake," Mr. Douglas said.

"That goes for both the International Union and the Industrial Workers of the World," he added quickly.

"This is a part of a nation-wide propaganda and the alleged grievances are only talking points for that propaganda. The Industrial Workers of the World say any concession made to them by the operators at this time is not binding in the future and at best is only temporary. It is against their principles to make any agreements with the mine owners and they say the ultimate concession is the turning over of the mines to them and the abolition of the wage system.

"I believe the government will be able to show that there is German influence behind this movement. These men had no money, yet they are rich with it now. There is money behind this movement and brains far bigger and more capable than Big Bill Haywood, who is the only American I know of mixed up in the Industrial Workers of the World business. The organizers spend money like drunken sailors and there is a general belief it is German money."

Mr. Douglas said the strikers had no real grievances and added that the men had a grievance committee appointed by themselves to consider any such. He said the companies would be glad to give up the hospitals at any time and added that the Arizona compensation law had caused soldiering on the part of the men who were seeking compensation.

He said conditions were improving rapidly in Bisbee, that a deadlock existed at Clifton, where the Spaniards from the anarchical provinces of Spain controlled, and said the way for the Industrial Workers of the World organization to be handled was for the individual communities to run them out.

Because the Industrial Workers of the World strike is a part of a national movement for the betterment of the conditions and the abolition of the wage system, Industrial Workers of the World leaders in Globe have declared they cannot participate in the strike mediation conferences which are being held by representatives of the State and Federal government.

The Industrial Workers of the World, according to these leaders have taken the position that this strike is a national movement and that they can treat only with the mine owners direct and they refuse to consider any efforts at reconciliation which does not come direct from the operators or owners of the mines, in the Globe district.

Important Red Cross Meeting

There will be a meeting of the Safford Auxiliary of the Globe Chapter of Red Cross, in the M. E. Church, Tuesday evening, July 17th, at 8:00 o'clock.

At this meeting plans will be formulated to begin active work in the making of hospital supplies, etc. This is very important and every member is urged to be present.

T. T. SWIFT, Chairman.
